Art Unit: 2819

1. Claims 2-7 are objected to because of the following informalities: the claims recite a method of operating an analog to digital converter (DAC)". Whereas, they should recite "a digital to analog converter". Claim 7 has no period and appears to be incomplete. Appropriate correction is required.
2. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.
3. This application is in condition for allowance except for the following formal matters: noted above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
